

## Ordering Ideas for Elementary Pinnies

Pinnies for elementary assessment need to have numbers on front and back. Below are three sources that have a reasonable price, numbers on front and back with 6" numbers. The information to make contact is below.

One idea from the companies I talked to was to see if all or at least most schools in a district could order together. Most of the companies offer a volume discount, which is usually 10 doz on one order. Could save some money.
