

Purchasing an OMRON Body Fat Analyzer Online

The following information is one way in which an Electrical Impedance Body Fat Analyzer may be located and purchased online. This information was correct as of 10/25/06.

Any OMRON Body Fat Analyzer with a HBF0306 product number is the same. (HBF-306, 306C and 306BL are the main one located.)

Shipping costs will vary by distributor so check carefully before placing the order.

There are local retailers which can provide the device but usually the price was significantly higher than purchasing online. CVS, Walgreen's and Rite Aid are three retailers mentioned on the www.omronhealthcare.com website.

One example of a site to purchase an OMRON Body Fat Analyzer:

1. Access www.amazon.com .
2. Enter OMRON Body Fat Analyzer in the "Search" field.
3. On 10/26/06, three devices appeared - HBF-306, 306C and 306BL According to OMRON Corporation, ALL 306 devices are the same, so price, availability and shipping costs can be the deciding factor.
4. The shipping cost stated on 10/25/06 for the 305 model was \$5.40.
5. To order, you will probably need to sign in as a returning customer or register as a new customer.

A Google search of OMRON Body Fat Analyzer shows many websites offering the 306 device. You can shop for the best deal. Be aware that websites are not regulated so BUYER BEWARE.

Hope this helps. If you run across any special deals or great sites, please let the SCPEAP office know and the info will be shared here.

Note: The above information is intended to assist in locating a vendor from which to order a Body Fat Analyzer. SCPEAP does not advertise for nor promote any specific vendor.
